## Core Skills

- React.js
- Vanilla JavaScript
- HTML and CSS (SCSS, BEM)

## Experience

### **Learn&Co**

25<sup>th</sup> January 2022 – Present

This was a great opportunity for me where I was able to work in a team following Agile workflow. The app was made using React.js, where I made reusable components, and rendered them based on API data, as well as conditional. State management, hooks, props, and much more was used to complete certain pages.
